

AURORA

VIN DE MONTAGNE

ROSÉ 2021

Grape Variety:
100% Cabernet Franc

Tasting Notes:
This wine is made of 100% Cabernet Franc grapes. With a blush pink color, it enjoys a soft nose of small red flowers. The mouthfeel is dense and butter ending with a crisp long lasting finish.

Sourcing and Vineyards:
The Vineyards have been planted back in 2008 at 900m altitude from the Mediterranean, in the village of Aoura. The vines are carefully controlled to carry up to 8 grape clusters only.

Winemaking:
The grapes are carefully handpicked harvested by the end of August. With little to no skin contact, the grapes are immediately pressed and the juice is fermented at low temperatures in stainless steel tanks until initial fermentation is complete. The wine is then filtered and bottled four months after harvest.

Technical Data:
Total Alcoholic Strength: 13.5%
Total Acidity: 4.16 g(H₂SO₄)
Total Sulfur dioxide: 17.1 mg/l
